Dear Sir/Madam

**Details of Condition : Details reserved by Condition 12 (Archaeological WSI) of planning permission reference 24/00412/FP granted on 29.05.2024.
Manor Farm, Barns At, Church Lane, Kelshall, Royston, Hertfordshire, SG8 9SP,**

Please quote the following reference: 24/01879/DOC on all correspondence.

I refer to your application received on 5 September 2024, which seeks approval of the Written Scheme of Investigation for Historic Building Recording and Archaeological Watching Brief at Manor Farm, Church Lane Kelshall, Royston Hertfordshire August 2024 (revised version received 26th November 2024) for the above site pursuant to 12 of the planning permission reference number 24/00412/FP.

Following consultation with the Herts Historic and Environment Team, the following comments were received:

"In this instance only the revised version of the archaeological Written Scheme of Investigation (WSI) for historic building recording and archaeological monitoring and recording which has been submitted is satisfactory, provided:

- archaeological cv's of the ONSITE supervisor/archaeologists are submitted for approval by this office prior to onsite works commencing.*

"If this is agreed we will be able to advise partial discharge of condition 12, namely part 1 (The programme and methodology of site investigation and recording) and when we have approved the cv's part 6 (Nomination of a competent person or persons/organisation to undertake the works set out within the Archaeological Written Scheme of Investigation)."

I can therefore confirm that Part 1 of the WSI is acceptable and hereby approved. You will need to submit a new DOC application with evidence of the Archaeological CVs (Part 6).

Yours faithfully
