Location

Land Between Priory Farm And Wymondley Substation, Blakemore End Road, Little Wymondley, Hertfordshire

Application type

Full Application

Proposal

AMENDED PROPOSAL

Full Planning Permission : Electrical connection between the approved Priory Farm Solar Array (application reference: 21/03380/FP) and Wymondley Substation, Blakemore End Road, St Ippolyts

Recommendation

OTHER

COMMENTS:

This is an amended application for electrical connection between the approved Priory Farm Solar Array (application reference: 21/03380/FP) and Wymondley Substation.

The Priory Farm Solar Array scheme includes a grid connection cable to National Grid's Wymondley Substation, via Graveley Lane, Priory Lane, Stevenage Road, and Blakemore End Road

The highway authority has assessed this application with similar proposal. This time there is no material change in terms of highway matters. The covering letter to the LPA (Ref 3656-01/JM/AR) has confirmed that this amended application is about only change in site boundary (Redline). It also confirms that the change in redline will increase BNG and will not have additional impact to the highway networks. Therefore, the highway comments will remain same as it was sent on 19/11/2024.

Signed
Shamsul Huda
