Subject: FW: Planning Consultation 25/01615/LBC at 48 Ridge Road Letchworth Garden City Hertfordshire SG6 1PN

Dear Mr Greaves

I confirm that we have received an application for landlords consent for the window and door replacements proposed at 48 Ridge Road, and the Heritage Foundation have the following comments relating to this application for Listed Building Consent.

We comment that after reviewing the original plans for the property, we note that all the ground floor square windows measuring 530mm / 600mm should have glazing bars (located at front porch as well as the single ground floor side window).

The current application has 4 windows open glazed that should have glazing bars. 2 of these windows can be noted on the original plans with glazing bars and 2 are later additions, but of the same size, and should match the originals.

Kind regards,

Clare Sale BA (hons), MSc
