

DELEGATED FILE NOTE

CASE OFFICER: ...Thomas Howe.....

APPLICATION REFERENCE	BRIEF DESCRIPTION OF DEVELOPMENT	APPLICATION SITE
24/02029/FPH	Provision of vehicular access to property via dropped kerb and vehicle crossover.	18 London Road Baldock Hertfordshire SG7 6JN

Submitted Plan Nos

5555 SK01 Proposed Access Visibility Splay Location Plan

1.0 Policies

D1 Sustainable design

D3	Protecting living conditions
T1	Assessment of transport matters
T2	Parking
SECN12	Achieving well-designed places
SECN14	Meeting climate change,coastal,flooding

2.0 **Site History**

2.1 No relevant history.

3.0 **Representations**

3.1 **Neighbour Consultation** – None received.

3.2 **Highways** – Does not wish to restrict grant of permission provided condition is implemented. 'Option 1' on initial submission drawing.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 No 18 comprises a residential dwelling off London Road, Baldock, a Classified B Road.

4.2 **Proposal**

4.2.1 Planning permission is sought for the provision of a vehicular access via a dropped kerb and vehicular crossover.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the area.
- The impact that the proposed development would have on the living conditions of neighbouring properties.
- The impact that the proposed development would have on car parking provision in the area.
- The impact that the proposed development would have on the environment.

Design and Appearance:

- 4.3.2 Policy D1 of the Local Plan states that development will be granted provided the design of the development appropriately and positively responds to the site's local context together with other criteria to encourage a positive and sustainable form of development. Policy D2 of the Local Plan requires extensions to houses and the erection or replacement of buildings to incorporate design that is sympathetic to the main building in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.
- 4.3.3 The area surrounding the site comprises dwellings with various dropped kerbs to access off-street parking from London Road. As existing, the site is accessed off an existing dropped kerb, but does not benefit from a vehicular crossover. Therefore, vehicles are forced to cross the footpath. The extension of the dropped kerb and introduction of the crossover would not be harmful to the character of the area, and is therefore considered to be acceptable.
- 4.3.4 The proposed development is therefore considered to be in compliance with Policies D1 and D2 of the Local Plan and the core principles set out within Section 12 of the National Planning Policy Framework. The design and appearance are therefore acceptable.

Impact on Neighbouring Properties:

- 4.3.5 Policy D3 of the Local Plan permits development that does not result in unacceptable harm to the amenity of neighbouring occupiers and where necessary encourages the use of mitigation measures to reduce these impacts. This is generally reflected by the provisions within the National Planning Policy Framework.
- 4.3.6 The modest scale of development, together with its low level is considered to be acceptable and would not harm the amenities of neighbouring occupiers.
- 4.3.7 Given the above, it is considered that the proposed development would result in no unacceptable detrimental impact upon neighbouring occupiers and is therefore compliant with Policy D3 of the local plan and the aims of the National Planning Policy Framework.

Highways and Parking:

- 4.3.8 The proposed development would be served by a minimum of two parking spaces that are off-street, therefore impacts to parking provision locally would not be harmful. The widened access is considered to be acceptable in the view of the Highways authority,

subsequent to their representation raising no objections and the implementation of a condition. This relates to Option 1 on the initially submitted site plan drawing, and is set out on Plan SK01 dated 23/01/2025. The development is therefore considered to comply with Local Plan Policy T1.

Environmental Implications:

- 4.3.9 The proposed development, by virtue of its limited scale in general terms together with the sustainable location would have no significant implications for the local environment in terms of carbon emissions and therefore would be generally in compliance with Section 14 of the NPPF.

4.4 **Conclusion**

- 4.4.1 The proposed development is considered acceptable and is considered to comply with the necessary provisions of the Local Plan policies and the National Planning Policy Framework. Grant conditional permission.

4.5 **Alternative Options**

- 4.5.1 None applicable.

5.0 **Recommendation**

- 5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. Prior to the first occupation hereby permitted the vehicular access improvements, as indicated on drawing number (SK01), shall be completed, and thereafter retained in accordance with details/specifications to be submitted to and approved in writing by the Local Planning Authority in consultation with the Highway Authority.

Reason: To ensure construction of a satisfactory access and in the interests of highway safety, traffic movement and amenity in accordance with Policy 5 of Hertfordshire's Local Transport Plan (adopted 2018)

Proactive Statement:

Planning permission has been granted for this proposal. The Council acted proactively through positive engagement with the applicant during the determination process which led to improvements to the scheme. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Informative/s:

1. AN) Storage of materials: The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence.
Further information is available via the County Council website at:
<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.
AN) Obstruction of highway: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at:
<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.
AN3) New or amended vehicle crossover access (section 184): Where works are required within the public highway to facilitate a new or amended vehicular access, the Highway Authority require the construction of such works to be undertaken to their satisfaction and specification, and by a contractor who is authorised to work in the public highway. If any of the works associated with the construction of the access affects or requires the removal and/or the relocation of any equipment, apparatus or structures (e.g. street name plates, bus stop signs or shelters, statutory authority equipment etc.) the applicant will be required to bear the cost of such removal or alteration.
Before works commence the applicant will need to apply to the Highway Authority to obtain their permission, requirements and for the work to be carried out on the applicant's behalf. Further information is available via the County Council website at:
<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/changes-to-your-road/dropped-kerbs/dropped-kerbs.aspx> or by telephoning 0300 1234047.
