Dear Sir-/Madam

I am enclosing a letter  
I wrote 2017. I would like  
to reiterate everything I  
wrote. Back then things were  
bad but to get out of  
Calder way / orwell Ave it now  
take 20-30 minutes. Every point  
I made is now worse. I feel  
even stronger against Roundwood

Yours Sincerely

Dear Sir

I am appalled at the thought of houses or anything being built on the Roundwood

site. ① It will devalue our house as we are extremely close to the site

② Great Ashby Way cannot manage anymore traffic. it has taken me nearly 10 mins in rush hour to get out of Orwell Avenue

③ The hospital and Doctors are at breaking point

You have to wait weeks for an appointment

4) The AIM needs to be made into three lanes before anymore building rush hours are grid locked every morning

5) Schools. People living in Great Ashby cannot get there children into the local school.

Children of Secondary school age have no chance of getting into there first choice. I know I have fourteen Grandchildren living in Stevenage.

6) Access to this site will greatly affect us and our neighbours it is a lane and green belt

7) Emergency Vehicles have no chance of easy access

(3)

Households now have 2-3 cars and they are parking badly on pavements and blocking the roads.

(8) This site is green belt and has deer and Red Kites, Woodpeckers and many more wild life that would be destroyed. The pleasure this area gives cannot be replaced.

(9) People love walking and cycling along Back lane

(10) The proposed site off Gresley way again on Green Belt has much better access but again will Grid lock Stevenage

4

If we have to build more houses the site of Gresley Way should be the final big build in Stevenage.

I came to Stevenage as a baby in 1952 and always been proud of Stevenage Please  
Please don't destroy it

Yours Sincerely
