Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

The originally stipulated location for bin storage is unsuitable as it entails bins being dragged approximately 18 metres up a gravel drive and through a tight space between residents parking spaces. The revised proposed position alleviates this problem and meets the requirements of NHC document 'Waste Storage and Collection Guidance for Developers' - specifically section 2.2.2

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Change of condition requiring bins to be stored at '...the area in front of the building', to be replaced with 'bins to be stored at the curtilage of the property, shielded from view from the highway by the existing British Telecom pole'. Existing timber bin store to be retained, but modified such that the front edge is in line with the western side of the British Telecom pole (as far as bin sizes will allow).
Please see indicative photos attached within another section.
