Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposal comprises the removal of a modern internal stud partition wall between the hallway and dining room together with the raising of the dining room floor level (by circa 6 inches) to align with the existing floor levels within the adjoining hallway and kitchen.

The proposal also includes the infilling of the existing doorway between the hallway and kitchen. Access to the kitchen will thereafter be provided via the existing opening between the dining room and kitchen, creating a more coherent kitchen/dining space accessed from the hallway through the existing dining room doorway.

The existing parquet flooring within the dining room will be carefully lifted, retained and reinstated following completion of the floor works. The partition wall is understood to have been introduced as part of post-fire alterations undertaken during the 1970s and does not form part of the historic timber-framed structure identified within the statutory list description.

No external alterations are proposed and no historic structural timbers or other significant historic fabric will be affected by the works.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
