Description of Proposed Works

Please describe the proposed works

Installation of grasscrete driveway and dropped kerb access

- Turning front garden into a grasscrete driveway
- Install dropped kerb via HCC

The owners are elderly with increasing mobility issues, visual impairment and dementia. They regularly use taxis and family members provide lifts to medical appointments. Their house is on the side of Pixmore Way which by convention nobody parks on to ensure two way traffic is possible. Installing a dropped kerb and driveway would enable off road pick ups which would be less stressful, particularly for the dementia sufferer.

There is a pre-existing driveway that was in place when the new residents purchased the property but the prior owner was declined a dropped kerb due to proximity to a tree. To resolve this, the garden to the front of the house can be grasscreted to provide sufficient space as per HCC rules for off-road parking and a dropped kerb, without encroaching onto the 2m tree radius.

Biodiversity net gain

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.
