4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 No. 10 is a two storey semi-detached dwellings situated within a residential area of Kimpton. The property features a brick finish with uPVC fenestration.

4.2 **Proposal**

4.2.1 Planning permission is sought for the erection of a single storey front extension measuring approximately 4.4m in width and 1.4m wide. The front extension would feature a mono-pitched roof and single front facing window.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

--The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the area.

--The impact that the proposed development would have on the living conditions of neighbouring properties.

--The impact that the proposed development would have on car parking provision in the area.

Design and Appearance:

4.3.2 The objectives of the NPPF include those seeking to secure high quality design and a good standard of amenity (Section 7 - Requiring good design). In this regard, Policy 28 and 57 of the Local Plan is consistent with the NPPF.

4.3.4 The application site benefits from being set back from the public highways and partially screened from view by mature hedges sited along the front boundary. The proposed development would be visible from within the surrounding street scene.

4.3.5 Given the limited height, depth and appropriate design of the front extension, it is considered that there would be no unacceptable impact upon the character and appearance of the application site within the street scene. The front extension would remain subservient and use materials appropriate to those of the application dwelling.

4.3.6 Given the above, it is considered that the proposed development would not result in an unacceptable impact upon the character and appearance of the host property and would therefore be compliant with Policy 28 and 57 of the District Local Plan and the core principles set out within the National Planning Policy Framework.

Impact on Neighbouring Properties:

4.3.5 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy 28 of the Local Plan.

4.3.6 The application site is neighboured by No. 8 and 12 Commons Lane. The proposed development would be sited on the boundary with No. 12 Commons Lane. No. 12

forms the other half of this pair of semi-detached dwellings and is set slightly back from the front elevation of the application site. Whilst the proposed extension would project forward of a habitable window to the front of No. 12, it is considered that on balance and given the orientation of the properties in relation to the sun, that the development would not result in an unacceptable loss of light, privacy or amenity to the neighbouring occupiers.

4.3.7 The proposed development would be sited away from No.8 Commons Lane. It is considered that given the limited depth of the development, that there would be no unacceptable impact upon the amenities of No. 8 Commons Lane.

4.3.8 Given the above, it is considered that the proposed development would result in no unacceptable overbearing impact upon neighbouring occupiers and is therefore compliant with Policy 28 of the District Local Plan and the aims of the National Planning Policy Framework.

Highways and Parking:

4.3.7 The proposed development does not include an increase in the number of bedrooms, therefore there would be no car parking issues arising from the proposed development.

4.4 **Conclusion**

4.4.1 The proposed development is considered acceptable and are considered to comply with the necessary provisions of both the existing and emerging Local Plan policies and the National Planning Policy Framework. Grant conditional permission.

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions:

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

   Reason:To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance.
