Melissa,

I live at Glendale, Snailswell Lane and have 2 comments re. this application.

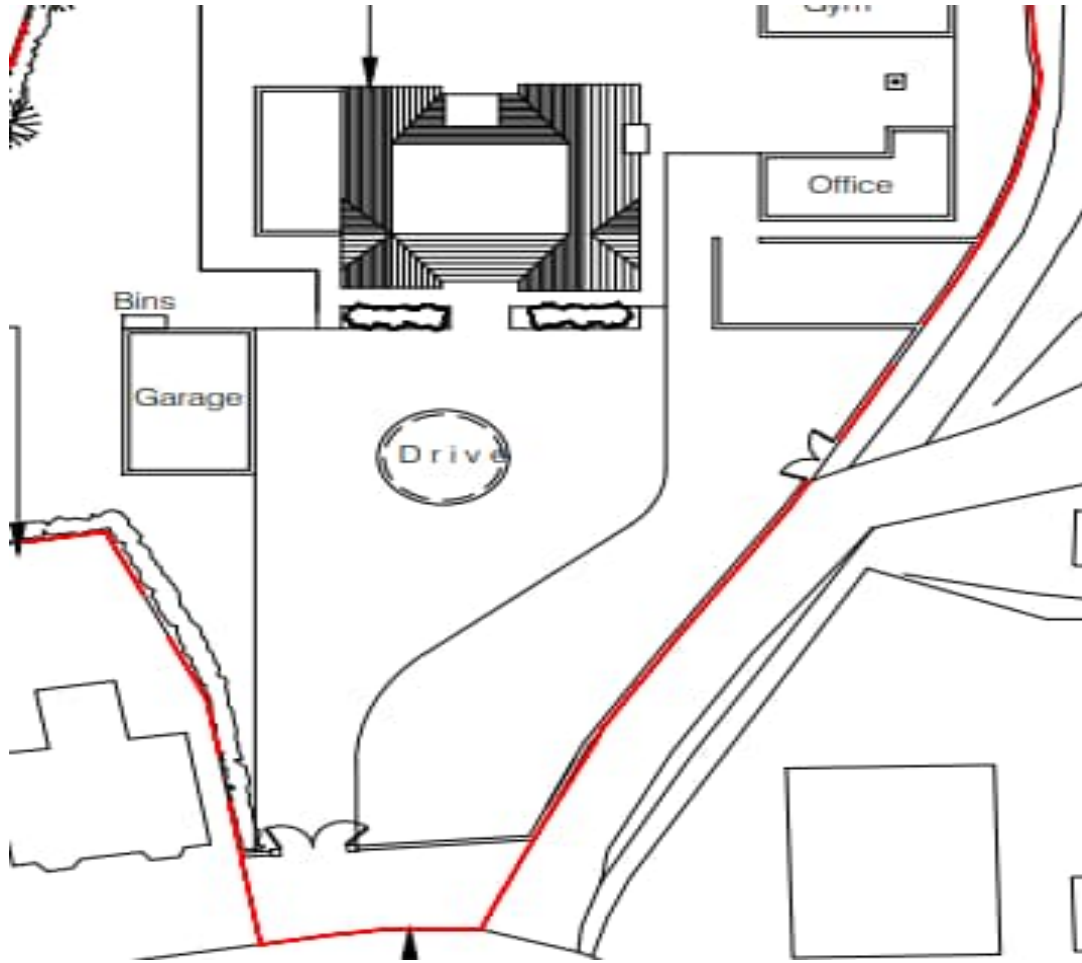

Firstly, there have been multiple applications for this property. It seems that because the original submission was refused, a subsequent application was made for initially a smaller development (approved) and then subsequent revisions of increasing size have taken the proposal to back to broadly where it started. I think this makes a mockery of the planning process.

Secondly, the latest application shows a second entrance to the property at the eastern boundary, which is not shown on previous applications.

Latest:

Previous:

This is not mentioned in the covering letter. I think it blights the lane and will cause issue with the neighbouring caravan park. I believe this feature should be refused.

Can you please confirm receipt of this email.

Regards,

Philip Laws

Glendale, Snailswell Lane
