Description of Proposed Works

Please describe the proposed works

Installation of Andersen A3 EV Charger to Exterior wall of existing garage. Charge point colour is off white to blend with existing garage wall colour. Charge point to be mounted on central pillar between 2 garage roller doors, just below an existing key point for door opening mechanism. Charger would be visible to the street, but has concealed cable management feature so would have minimal visual impact on the building.

Property is Grade 2 Listed, but as the Garage was erected in the early 1980s, after the listing in September 1979, Garage should not be subject to curtilage considerations for the listing (according to conversatio with NHDC duty planner). Garage is located 25 m from the listed house
