Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

This consent is request for us to replace the existing garage doors at the property which gained planning permission on the 12th September 2003. By way of background before this consent was granted the garage had no doors at all. The current doors are rotten. In addition, because they open outwards we are not able park our cars on our driveway when they are in use which means we have to park on the road which is not permitted by the Deeds.

We intend to replace these with two sectional doors in black, wood effect materials which will be in keeping with the cladding on the house and retain the same look and feel of the property.

Details of the pre-application advice received

The advice received was that Mr Hunter did not believe we need Planning Permission but had suggested that we may need Listed Building Consent.

We have provided Mr Hunter with photographs showing the current garage doors, the restricted access, the impression of the new doors and several photographs of other garage doors on properties within our development.
