

Proposed Access:

As per approved site layout **22/01636/FP**.

Condition no.5c "*Plan stating that a standard vehicle crossover (rather than a formalised bellmouth) would be acceptable and that access / highway works are to be agreed with HCC as Highway Authority as part of S278 agreement.*"

Following review, a standard crossover arrangement would restrict access to the site for larger vehicles including a refuse vehicle (condition no.15) and fire tender. As such, a bellmouth arrangement as shown on the original approved planning application drawings is considered appropriate.

Existing tree to be removed.

2.4m x 43m visibility splay (inc. 500mm offset)

Visibility splay achievable within highway land including a 500mm offset from the edge of the carriageway to clear the trunk of the existing mature tree.
All other existing vegetation within the visibility splay to be removed or trimmed back and maintained.

2.4m x 43m visibility splay.

Visibility splay achievable within highway land.
Any existing vegetation within the visibility splay to be removed or trimmed back and maintained.
