Details of the pre-application advice received

'... it is considered that the site would class as an infill plot and that development here would not extend the built core of Kelshall as a Category B village. I do have some reservations about the scale and appearance of the proposed dwelling and would welcome amendments to the scheme that see it reduced in scale and incorporate design features that will reduce bulk and dominance, particularly on the front elevation. I have no real objections to the access, parking, and highway matters, subject to the access complying with the requirements of Hertfordshire Highways. The proposal is unlikely to result in harm to the amenities of neighbours and future occupiers. The retention of existing trees on site would be welcomed alongside landscape enhancements to achieve a BNG of 10%. '

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
