Scale 1:20 at A3 | Vector trace of installed lettering and logos

The complete sign face is shown above; it includes the telephone number 01462 230264.

Main red letter D: tape photograph indicates approximately 330 mm high.

Phone-shaped logo: tape photograph indicates approximately 640 mm overall height.

Other lettering dimensions and offsets are reconstructed from the full-front photograph.

The earlier annotated image reading 221 cm wide is not used: its width units were incorrect.

The former 5170 x 1060 mm drawing dimensions are superseded by this revision.

This is a photographic reconstruction supported by tape evidence, not a certified measured survey.
