

Please note that sometime in the past both the windows and roof coverings to the listed building have been replaced, however they did not match the existing.

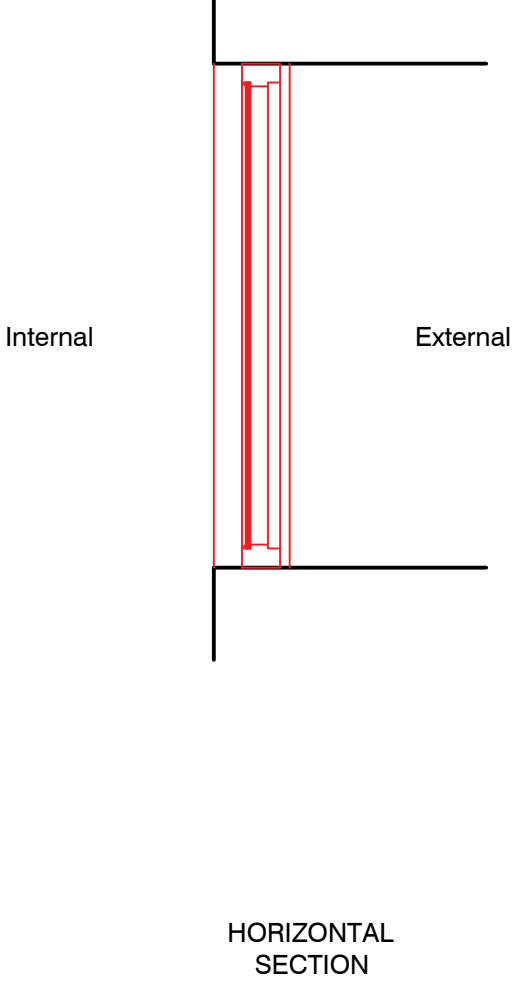

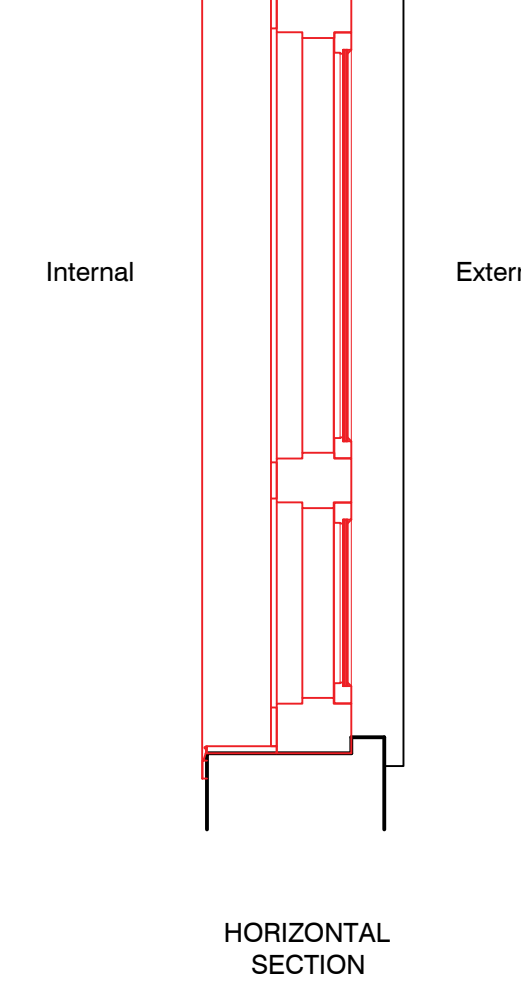

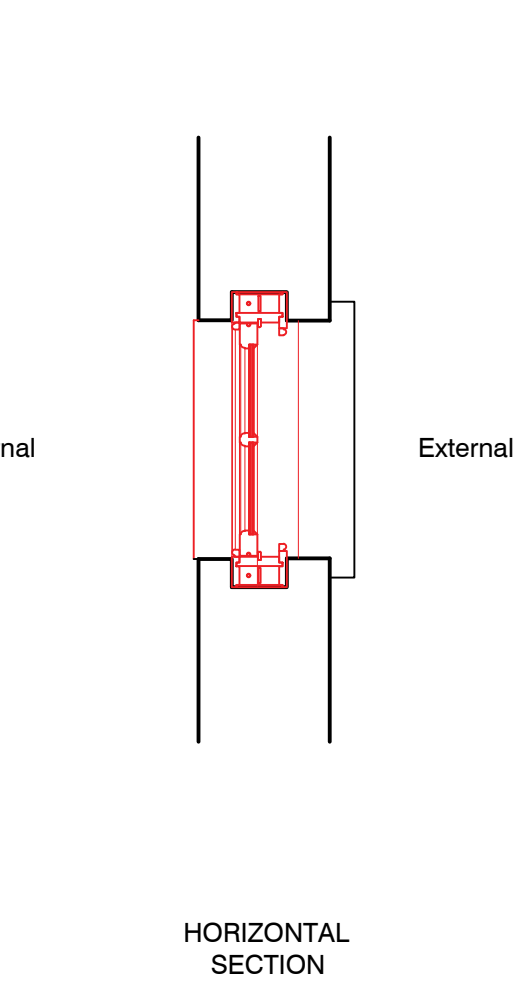

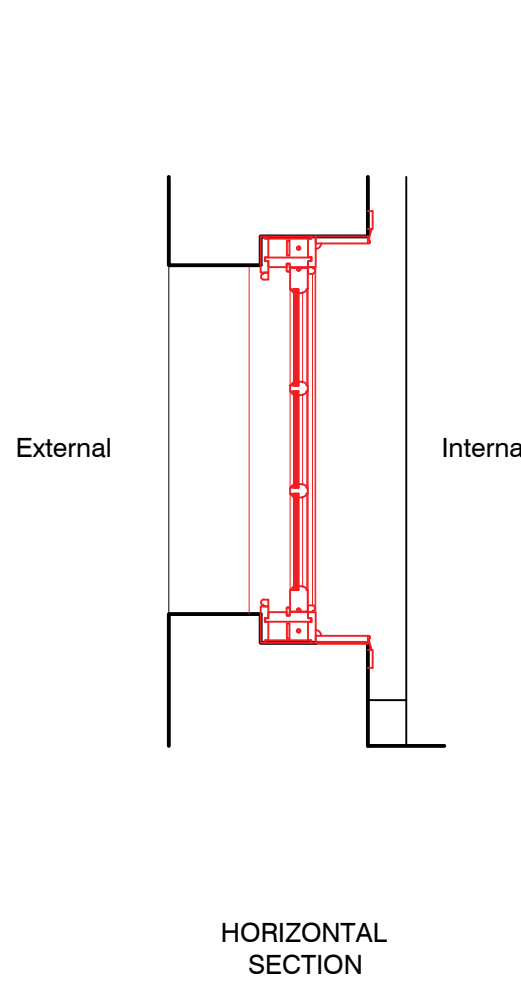

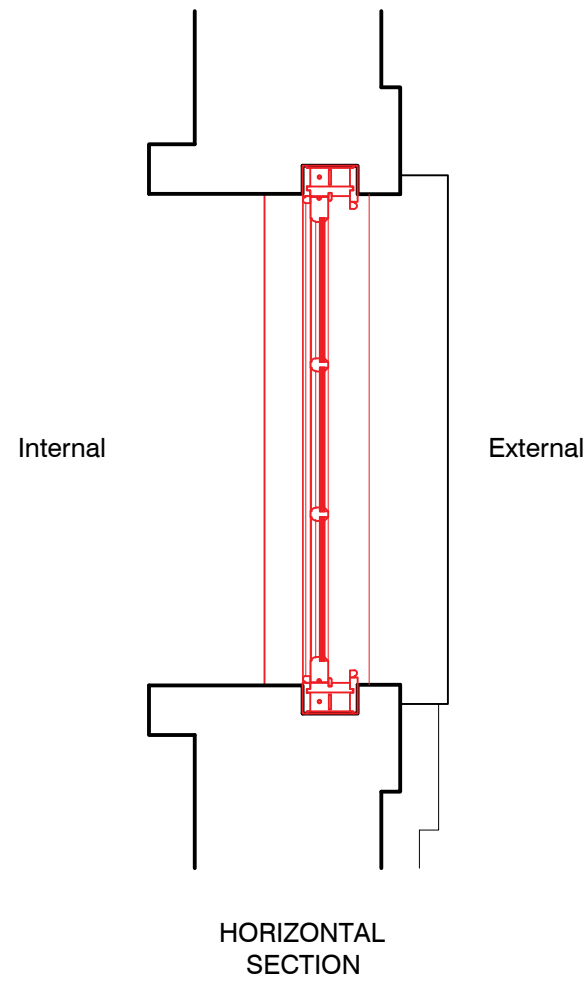

All sash framing, glazing bars, linings and beadings etc are to match the existing dimensions, allowing for new 12mm thick double glazed panels.

All new lead weights, brass pulleys and waxed cords are to match the existing.

A suitable putty is to be used to secure glazing within frame.

All casement framing, glazing bars, linings and beadings etc are to match the existing dimensions, allowing for new 12mm thick double glazed panels.

New sliding sash window are to be supplied by K & H Heritage sliding sash windows.
