Dear Anne,

**Re: Details reserved by condition 6 Part A (Archaeological Written Scheme of Investigation) of planning permission reference no 22/00910/FP granted 17.10.2022.
- Land Between Bush Wood And Rokey Wood High Street Reed Hertfordshire**

ARCHAEOLOGICAL IMPLICATIONS

Thank you for consulting us on the above application for discharge of condition.

The applicant has submitted an archaeological Written Scheme of Investigation (WSI) for archaeological monitoring and recording (Savills 2024) and a Project Design for archaeological monitoring and recording (Albion Archaeology 2024). These documents meet the requirements of this office. The programme of archaeological work may commence, subject to your final approval.

I can advise partial discharge of Condition 6 (that is, part A only).

I will only be able to recommend full discharge of Condition 6 when all archaeological work has been completed in accordance with the WSI and Project Design, an appropriate report of a satisfactory standard has been submitted, and provision has been made for further analysis and publication if required.

I hope that you will be able to accommodate the above recommendations.

Please do not hesitate to contact me should you require any further information or clarification.

Yours sincerely,

Alison Tinniswood
