Applicant:

Mr & Mrs Long

PARTICULARS OF DEVELOPMENT

Application: 26/01614/S73

Proposal: Removal of Condition 1 of planning permission 22/02871/FP (list of approved plan numbers to be changed: drawing 12E omitted and replaced with drawing 12G; drawing 25 omitted and replaced with drawing 25A; drawing 26 omitted and replaced with drawing 26A) granted on 04/12/2023 for: Erection of six dwellings comprising of two pairs of semi-detached dwellings (2 x 2-bed and 2 x 3-bed) and two detached 3-bed dwellings with detached double garages (plots 3 and 4) including parking, landscaping and creation of vehicular access off Lower Road.

Location: Land On The West Side Of, Lower Road, Breachwood Green, Hertfordshire, SG4 8NS

Plan Nos: 3660 01 3660 12J 3660 25A 3660 26A

PARTICULARS OF DECISION

In pursuance of its powers under the above Act and the associated Orders and Regulations, the Council hereby **GRANT PERMISSION** for the development proposed by you in your application received with sufficient particulars on 24 June 2026, subject to the following condition(s):

Biodiversity Net Gain

1. This development is not subject to the statutory Biodiversity Gain Plan condition because it is considered exempt under the statutory exemptions (<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>) or transitional arrangements in respect of the biodiversity gain condition.

Planning Conditions

1. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

2. The development hereby permitted shall be begun before the expiration of 3 years from the date of the original planning permission (ref: 22/02871/FP).

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

3. Details and/or samples of materials to be used on all external elevations and the roof of the development hereby permitted shall be submitted to and approved in writing by the Local Planning Authority before the development is commenced and the approved details shall be implemented on site.

Reason: To ensure that the development will have an acceptable appearance which does not detract from the appearance and character of the surrounding area and to comply with Policy D1 of the North Hertfordshire Local Plan 2011 to 2031.

4. Before the occupation of any of the dwellings hereby permitted, the car parking facilities shown on the approved plan shall be marked out and made available, and shall thereafter be kept available solely for the parking of motor vehicles.

Reason: To ensure the provision of satisfactory car parking facilities clear of the public highway to meet the needs of the development and to comply with Policy T2 of the North Hertfordshire Local Plan 2011 to 2031.

5. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended no development as set out in Classes A, AA, B, C and E of Part 1 (and any further new class that may be

introduced by way of an update) of Schedule 2 to the Order, (or any subsequent Statutory Instrument which revokes, amends and/or replaces those provisions) shall be carried out without first obtaining a specific planning permission from the Local Planning Authority.

Reason: Given the nature of this development, the Local Planning Authority considers that development which would normally be "permitted development" should be retained within planning control in the interests of the character and amenities of the area and to comply with Policy D1 and/or Policy D3 of the North Hertfordshire Local Plan 2011 to 2031.

6. Prior to the commencement of development, a detailed landscape scheme shall be submitted to and approved in writing by the Local Planning Authority and the approved details shall be implemented on site. The landscape scheme shall include:
- a) which, if any, of the existing vegetation is to be removed and which is to be retained, including how it will be protected during the construction works;
 - b) what new trees, shrubs, hedges are to be planted and areas grassed, together with the species proposed and the size and density of planting, this includes planting within the car park to provide shade, structure and ameliorate the expanse of hard surfacing;
 - c) the location and type of any new walls, fences or other means of enclosure, and details of any hard surfacing proposed;
 - d) details of any earthworks proposed.
 - e) the location of retained ecological features and location and type of any habitat boxes / structures to be installed
 - f) the areas to be sown or planted with specific seed mixes or specific species for biodiversity value

Reason: To ensure the submitted details are sufficiently comprehensive to enable proper consideration to be given to the appearance of the completed development.

7. (a) No development approved by this permission shall be commenced prior to the submission to, and agreement of the Local Planning Authority of written information allowing a preliminary environmental risk assessment to be undertaken, which allows the creation of a Conceptual Site Model which indicates sources, pathways and receptors. It should identify the current and past land uses of this site (and adjacent sites), with a view to determining the presence of contamination likely to be harmful to human health, and the built and natural environment.
- (b) If the Local Planning Authority is of the opinion that the report which discharges condition (a), above, indicates a reasonable likelihood of harmful contamination then no development approved by this permission shall be commenced until a Site Investigation (Phase II environmental risk assessment) report has been submitted to and approved by the Local Planning Authority which includes:
- (i) A full identification of the location and concentration of all pollutants on this site and the presence of relevant receptors, and;
 - (ii) The results from the application of an appropriate risk assessment methodology

(c) No development approved by this permission (other than that necessary for the discharge of this condition) shall be commenced until a Remediation Method Statement report; if required as a result of (b), above; has been submitted to and approved by the Local Planning Authority.

(d) This site shall not be occupied, or brought into use, until:

(i) All works which form part of the Remediation Method Statement report pursuant to the discharge of condition (c) above have been fully completed and if required a formal agreement is submitted that commits to ongoing monitoring and/or maintenance of the remediation scheme.

(ii) A Remediation Verification Report confirming that the site is suitable for use has been submitted to, and agreed by, the Local Planning Authority.

(e) Any contamination, other than that reported by virtue of condition (a) and (b), encountered during the development of this site shall be brought to the attention of the Local Planning Authority as soon as practically possible; a scheme to render this contamination harmless shall be submitted to and agreed by, the Local Planning Authority and subsequently fully implemented prior to the occupation of this site.

Reason: To ensure that any contamination affecting the site is dealt with in a manner that safeguards human health, the built and natural environment and controlled waters.

8. Prior to occupation, each dwelling shall incorporate one Electric Vehicle (EV) ready domestic charging point and it shall thereafter be retained.

Reason: To contribute to the objective of providing a sustainable transport network and to provide the necessary infrastructure to help off-set the adverse impact of the operational phase of the development on local air quality and to comply with Policy D4 of the North Hertfordshire Local Plan 2011 to 2031.

9. Prior to commencement of the development (including ground works, vegetation clearance), a Landscape and Ecological Management Plan (LEMP) shall be prepared, detailing how biodiversity will be incorporated within the development scheme to achieve net gain. The plan shall refer to the two ecological reports dated November 2022 and prepared by Kenneth Coyne and include details of native species tree and hedgerow planting, wildflower seed mixes, and the location of any habitat boxes / structures for protected species to be installed. The plan shall be Creating a cleaner, greener, healthier Hertfordshire submitted to the LPA for written approval and the development shall be carried out in accordance with the approved plan unless otherwise agreed in writing with the LPA.

Reason: To demonstrate the expectations of NPPF and the Environment Act in enhancing the site and achieving overall net gains for biodiversity have been met in accordance with national and local policies.

10. None of the trees to be retained on the application site shall be felled, lopped, topped, uprooted, removed or otherwise destroyed or killed without the prior written agreement of the Local Planning Authority.

Reason: To safeguard and enhance the appearance of the completed development and the visual amenity of the locality, and to comply with Policy NE2 of the North Hertfordshire Local Plan 2011 to 2031.

11. Before the commencement of any other works on the site, trees to be retained shall be protected by the erection of temporary chestnut paling fencing of a minimum height of 1.2 metres on a scaffolding framework, located at the appropriate minimum distance from the tree trunk in accordance with Section 4.6 of BS5837:2012 'Trees in relation to design, demolition and construction - Recommendations, unless in any particular case the Local Planning Authority agrees to dispense with this requirement. The fencing shall be maintained intact for the duration of all engineering and building works. No building materials shall be stacked or mixed within 10 metres of the tree. No fires shall be lit where flames could extend to within 5 metres of the foliage, and no notices shall be attached to trees.

Reason: To prevent damage to or destruction of trees to be retained on the site in the interests of the appearance of the completed development and the visual amenity of the locality, and to comply with Policy NE2 of the North Hertfordshire Local Plan 2011 to 2031.

12. Prior to occupation of the development hereby approved, full details of the on-site storage facilities for waste including waste for recycling shall be submitted to and approved in writing by the local planning authority. Such details shall identify the specific positions of where wheeled bins, will be stationed and walk distances for residents including the specific arrangements to enable collection from the kerbside of the adopted highway / refuse collection vehicle access point [or within 15 metres]. The approved facilities shall be provided prior to the commencement of the use hereby permitted and shall be retained thereafter unless alternative arrangements are agreed in writing by the local planning authority.

Reason: To protect the amenities of nearby residents / occupiers and in the interests of visual amenity.

13. No development shall commence until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority, including elements of the CLOCS standards as set out in the Highway Authority's Construction Management template. Thereafter the construction of the development shall only be carried out in accordance with the approved Plan: The Construction Management Statement shall include details of:

Access arrangements to the site.

Traffic management requirements.

Construction and storage compounds (including areas designated for car parking, loading / unloading and turning areas).

Siting and details of wheel washing facilities.

Cleaning of site entrances, site tracks and the adjacent public highway.

Timing of construction activities (including delivery times and removal of waste) and to avoid school pick up/drop off times.

Provision of sufficient on-site parking prior to commencement of construction activities.

Post construction restoration/reinstatement of the working areas and temporary access to the public highway.

Where works cannot be contained wholly within the site a plan should be submitted showing the site layout on the highway including extent of hoarding which must be kept within the site boundary, pedestrian routes and remaining road width for vehicle movements.

Reason: In order to protect highway safety and the amenity of other users of the public highway and rights of way in accordance with Policies 5, 12, 17 and 22 of Hertfordshire's Local Transport Plan (adopted 2018).

14. Details of the foundation layout, type and depth for 'Plot 4 Garage' of the development hereby permitted shall be submitted to and approved in writing by the Local Planning Authority before the development is commenced and the approved details shall be implemented on site.

Reason: To ensure that the development will not have an unacceptable impact upon the adjacent woodland and to comply with Policy NE4 of the North Hertfordshire Local Plan 2011 to 2031.

15. The development shall be implemented in accordance with the Noise Assessment reference 21092-002 and prepared by Philip Acoustics Ltd, and submitted with application 22/02871/FP, unless otherwise agreed in writing.

Reason: To ensure a suitable standard of amenity for occupiers, to comply with Policy D3 of the North Herts Local Plan 2011-2031.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.

NOTES

- 1 **Failure to satisfy conditions may invalidate this permission and/or result in enforcement action. Particular attention should be paid to the requirements of any condition in bold.**
- 2 Applicants will need to pay a compliance fee where they request confirmation in writing of any planning consent, agreement or approval (commonly known as discharge of conditions) required by one or more conditions or limitations attached to a grant of planning permission.
- 3 The fee is £309 per request or £89 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of the dwellinghouse.

The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available via the Council's website:
www.north-herts.gov.uk/home/planning/planning-applications/submit-planning-application
- 4 If the development hereby permitted is one that will require a new postal address/es then please contact the Council's **street naming and numbering service** on 01462 474431 or email SNN@north-herts.gov.uk who will advise you on how to apply for the new address/es.

Any proposed sales and/or marketing name to be adopted by the developer should be forwarded to the **street naming and numbering service**, prior to any publication of the site details and sales information.
- 5 If you are aggrieved by the decision of your local planning authority to refuse

permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's (LPA) decision then you must do so within 6 months of the date of this notice.

However, if an enforcement notice has been served for the same or very similar development the time limit is 28 days from the date of the LPA decision or 28 days from the date the enforcement notice was served.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

6 Purchase Notices

If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

- 7 The District Council and County Highway Authority wish to ensure that, in the implementation of the development, hereby approved, the highway verge adjacent to the property is not damaged or does not become unsightly due to the stationing of skips, parking of vehicles, storing of building materials etc thereon. Your attention is, therefore, drawn to the provisions of Section 131 of the Highways Act 1980 and to the Hertfordshire County Council Bylaws 1955 (specifically relating to grass margins and verges in Letchworth Garden City) by virtue of which such actions, unless authorised by the prior grant of a licence, constitute a prosecutable offence. Persons responsible for undertaking the development and any associated works are, therefore, strongly encouraged to take appropriate steps to ensure that no breach of the said legislation occurs during the course of such activities. In the event of any damage being caused it will be expected that suitable reinstatement is undertaken upon completion of the development. Failure to do so could also result in legal action being pursued. To obtain information regarding the issue of licences, contact Hertfordshire Highways, Hertfordshire County Council, County Hall, Pegs Lane, Hertford, SG138DQ or telephone 0300 1234 047.

8 **Cadent Gas Informative:**

Cadent Gas own and operate the gas infrastructure within the area of your development. Contact our Plant Protection Team for approval before carrying out any works on site and ensuring requirements are adhered to. Email plantprotection@cadentgas.com Alternatively you can register on www.beforeyoudig.cadentgas.com This service is free of charge.

THIS PLANNING PERMISSION DOES NOT CONSTITUTE APPROVAL UNDER BUILDING REGULATIONS AND IS NOT A LISTED BUILDING CONSENT OR CONSERVATION AREA CONSENT. IT DOES NOT CONVEY ANY APPROVAL OR CONSENT WHICH MAY BE REQUIRED UNDER ANY ENACTMENT, BYE-LAW, ORDER OR REGULATION OTHER THAN SECTION 57 OF THE TOWN AND COUNTRY PLANNING ACT 1990.

Consent for these works may be required from the Letchworth Garden City Heritage Foundation (www.leitchworth.com/heritage-foundation) under the Scheme of Management or leasehold covenants. If you do not already have their approval, you are advised to contact the Heritage Foundation on home@leitchworth.com or 01462 476017 to confirm whether you also need to submit an application to them.
