The owners/occupiers of No. 1, 2 The Chapmans; The Coach House, Wratten Close East; 31, 32, 34, 35 Tilehouse Street were notified on 05/04/2018. No neighbouring representations have been received.

3.4 **Parish Council / Statutory Consultees:**

N/A

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 No. 2 The Chapmans is a two storey detached dwelling situated within a predominately residential area of the Hitchin Conservation Area. The property itself is not visible from within any nearby public street scene and is accessed by private access gate shared with two other properties.

4.2 **Proposal**

4.2.1 Planning permission is sought for the erection of a single storey rear extension to the property. The development would measure approximately 2.6m in depth (projecting 1.6m from the rear elevation), 2.3m wide and 4.2m in height with 2.3m to the eaves.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

--The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the Conservation Area.

--The impact that the proposed development would have on the living conditions of neighbouring properties.

--The impact that the proposed development would have on car parking provision in the area.

Design, Appearance and Impact on the Conservation Area:

4.3.2 No. 2 The Chapmans is situated within the Hitchin Conservation Area. Within a Conservation Area, the Council has a duty to pay special attention to the desirability of preserving or enhancing the character or appearance of that area, in accordance with Section 72 of the Listed Building and Conservation Areas Act (1990). Furthermore, Chapter 12 of the National Planning Policy Framework (NPPF) sets out guidance relating to conserving and enhancing the historic environment.

4.3.3 When considering the impact of proposed development on the significance of a designated heritage asset (such as a Conservation Area), the NPPF notes that great weight should be given to the asset's conservation; the more important the asset, the greater the weight should be

4.3.4 Given the siting of the proposed extension, its single storey nature and appropriate design, it is considered that the development would preserve the character of this part of the Hitchin Conservation Area. Furthermore, the development would not result in any unacceptable adverse impacts upon the character and appearance of the host dwelling.

Impact on Neighbouring Properties:

4.3.5 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy 28 of the Local Plan.

4.3.6 Given the limited depth and scale of the development, the proposed extension would not result in any unacceptable impact upon the amenities of neighbouring occupiers. The proposal is therefore compliant with Policy 28 of the District Local Plan and the aims of the National Planning Policy Framework.

Highways and Parking:

4.3.7 The proposed development does not include an increase in the number of bedrooms, therefore there would be no car parking issues arising from the proposed development.

4.4 **Conclusion**

4.4.1 The proposed development would preserve the character and appearance of the Hitchin Conservation Area and is considered to comply with the necessary provisions of both the existing and emerging Local Plan policies and the National Planning Policy Framework. Grant conditional permission.

5.0 **Recommendation**

5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

   Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

   Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraphs 186 and 187) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
