

SITE KEY

- Planning Boundary
- Ownership Boundary

General Notes

Contractor must verify all dimensions, levels and existing service alignments on site before commencing any work or shop drawings. Any discrepancy concerning the drawings/quantities should be referred to the Landscape Architect immediately. Only figured dimensions to be taken from this drawing. Do not scale off this drawing. All landscape drawings to be read in conjunction with the landscape specification and all relevant engineer's and architect's drawings/specifications. Hatches are shown indicatively only and do not represent paving laying pattern/ arrangement. Refer to key and separate details if available. Drawings should not be used to tender from without confirmation from the Landscape Architect. **This drawing is Copyrighted and must not be reproduced without consent of Guarda Ltd.**

External References

This drawing is based on the following references, used indicatively only. Refer to other consultant's drawings for further information. Architects layout: 2026-02-17-Hitchin-Ickleford-Mill-EXPORT Tree Removal Plan: SHA 1948TRP

Works within the Root Protection Areas of existing trees.

Levels are not to be amended within root protection areas of existing trees to be retained and no grading (increasing or decreasing of levels) is to be carried out. The only exception to this is where existing hard standing is expressly proposed for removal/ replacement, in which case careful hand-digging will be required to take up surfaces and sub-base as per the arboriculturalist's method statement. No-dig construction methods are proposed for all surfacing within the root protection areas of trees. Tree protection and construction methods are to be carried out as per the Arboriculturalist's proposals. Refer to arboriculturalist's AIA for required monitoring and reporting measures.

Installation of play equipment near trees to be installed under Arboricultural supervision in accordance with the Arboricultural Method Statement.

BOUNDARY TREATMENTS KEY

- Closeboard Fence**
1.8m high with single gate 0.9m. Free movement of hedgehogs between private gardens and public open spaces to be facilitated through the provision of openings within fences and walls. Or similar and approved.
- Closeboard Fence with Trellis**
