Details TL 1824 9/96 PRESTON HITCHIN ROAD (West side) Barn on roadside now garage to Spindle Cottage GV II

Barn, now garage. **C17**. Timber frame dark weather-boarded on a sill of flints with tarred brick corners. Steep pitched roof now of corrugated asbestos. A tall, 2-bays barn on roadside facing E. N half of front occupied by a large boarded sliding door. Included for group value. *(My comment: The date Spindle Cottage was built is not noted. However, if its barn was dated to the 17thC, it is likely the cottage was built then also)*
