CASE OFFICER: ...William Thompson.....

APPLICATION REFERENCE	BRIEF DESCRIPTION OF DEVELOPMENT	APPLICATION SITE
26/01379/FPH	Single storey side and rear extensions following demolition of existing outbuilding	Waveney Upper Tilehouse Street Hitchin Hertfordshire SG5 2EF

Submitted Plan Nos

Location Plan E1 E2 E3 P1 P2 P3 Block Plan

1.0 Policies

D1 Sustainable design

D2 House exts, replcmnt dwellings outbuild

D3 Protecting living conditions

T2 Parking

SECN12 Achieving well-designed places

SECN14 Meeting climate change,coastal,flooding

2.0 **Relevant Site History**

2.1 None relevant

3.0 **Representations**

3.1 **Neighbour Consultation** – None received

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 The application site accommodates a two-storey semi-detached dwelling situated on Upper Tilehouse Street, Hitchin. The site benefits from a driveway and a rear garden. The site outside of the Hitchin Conservation Area.

4.1.2 A variety of extensions and outbuildings exist to the dwellings along Upper Tilehouse Street.

4.2 **Proposal**

4.2.1 Single storey side and rear extensions following demolition of existing outbuilding.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its impact on the character and appearance of the area.
- The impact of the proposed development on the living conditions of neighbouring properties.

- Access and parking matters.
- The impact of the proposed development on the environment.

Design and Appearance

- 4.3.2 Policy D1 of the Local Plan requires that development proposals respond positively to the site's local context. Policy D2 of the Local Plan requires extensions to houses and outbuildings to incorporate a design that is sympathetic to the main dwelling in terms of its scale, form and orientation and does not harm the character and appearance of the locality around the site. These policies are broadly consistent with Section 12 of the National Planning Policy Framework.
- 4.3.3 The proposed single storey rear extension would have a width to match the dwelling, a depth of 3.65m, and would have a pitched roof with an eaves height of 2.33m and a peak height of 3.63m. The design includes 2no. rooflights and rear bi-fold doors. The proposed external materials are set to match existing. The depth would not exceed that of the existing rear element to the adjoining neighbour.
- 4.3.4 The proposed single storey side extension would have a maximum width of 1.93m, a depth to near match that of the dwelling with a 0.35m inset from the front wall, and would have a pitched roof with an eaves height of 2.3m and a peak height of 3.37m. The design includes 3no. rooflights. The proposed external materials are set to match existing.
- 4.3.5 In my view, the proposal is considered to be acceptable in design terms and would, therefore, not cause harm to the character and appearance of the dwelling or streetscene. The proposal is considered to comply with Policies D1 and D2 of the NHLP and Section 12 of the NPPF.

Impact on Neighbouring Properties:

- 4.3.6 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the NHLP.
- 4.3.7 Regarding neighbour amenity, the development would largely run along existing built form. The depth of the proposed rear extension would not exceed that of the existing rear element to the adjoining neighbour. The proposed side extension would be sufficiently set away from the non-adjoining neighbour. It is considered that the proposed development would not result in an unacceptable level of harm to amenity, as to be objectionable, in terms of overdominance, shading or loss of privacy.
- 4.3.8 This development is therefore considered to be in accordance with Policy D3 of the NHLP and Section 12 of the NPPF.

Highways and Parking:

- 4.3.9 The development does not include an increase in the number of bedrooms. Therefore, with regards to Policy T2 of the NHLP, no parking issues would arise from this development.

Environmental Implications

- 4.3.10 The proposed development is not large enough in scale to cause significant implications for the local environment in terms of carbon emissions and therefore would be generally in compliance with Section 14 of the NPPF.

Biodiversity Net Gain:

- 4.3.11 This is a form of development which is exempt from BNG Legislation, defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 due it falling under the scope of the 'de minimis' exemption.

4.4 **Conclusion**

- 4.4.1 In the absence of material planning reasons to the contrary it is my view that planning permission is **GRANTED**.

4.5 **Alternative Options**

- 4.5.1 N/A

4.6 **Pre-Commencement Conditions**

- 4.6.1 N/A

5.0 **Recommendation**

- 5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. The extension(s) hereby permitted shall be built in external materials to match the existing dwellinghouse unless otherwise agreed in writing by the LPA.

Reason: To protect the visual amenities of the locality and to comply with Policies D1

and D2 of the North Hertfordshire Local Plan 2011 to 2031.

Proactive Statement:

Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
