PARTICULARS OF DECISION

In pursuance of its powers under the above Act and the associated Orders and Regulations, the Council hereby **GRANT** express consent to the above display proposed by you in your application received with sufficient particulars on 28 November 2024.

This advertisement consent is subject to the following condition(s):

1. (a) No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.
- (b) No advertisement shall be sited or displayed so as to-

(i) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);

(ii) obscure, or hinder the ready interpretation of, any traffic sign, railway signal or aid to navigation by water or air; or

(iii) hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.

(c) Any advertisement displayed, and any site used for the display of advertisements, shall be maintained in a condition that does not impair the visual amenity of the site.

(d) Any structure or hoarding erected or used principally for the purpose of displaying advertisements, shall be maintained in a condition that does not endanger the public.

(e) Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

Reason: As imposed by regulation within the Town and Country Planning (Control of Advertisements) (England) Regulations 2007.

2. The intensity of illumination shall be controlled at a level that is within the limit recommended by the Institution of Lighting Engineers in the publication 'Technical Report No 5: Brightness of Illuminated Advertisements'.

Reason: So that drivers of vehicles along the adjacent public highway are not dazzled or distracted, leading to interference to the free and safe flow of traffic along the highway.

Informatives:

1. The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence.

Further information is available via the County Council website at:

2. It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.
3. Notwithstanding any consent issued under the Town and Country Planning Act, a licence issued under the provisions of Section 177 of the Highways Act 1980 is required prior to the erection of any part of the projection or overhang into or over the public highway.

Further information is available via the County Council's website:
