Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

One of our back doors is completely rotten, including the frame and we need to replace it.
It was here when we moved in 10 years ago and is a modern door and frame and not of historical importance.
We wish to replace it with a wooden door and new frame and repair the lime render around the frame.

Details of the pre-application advice received

He considered the replacement door would require listed building consent and considered this necessary given it would be a change of door. Informally he considered the change to not materially alter the appearance of the building.
