Toms

Copy of the list of occupiers attached with my annotation on where there are said to be now. The Appellant is residing on site 1C and at the site visit it appeared that a number of the caravans on 1C were empty (I estimated at least 3 aligning the access road although we did not walk into the site other than along the road)

On the appeal site were 13 caravans two of which had been moved and were not occupied.

Many of the caravans on 1C and the appeal site looked to be in very poor condition and incapable of being moved without disintegrating.

Best Wishes
