Dear Alex,

Re: Amendment to Condition 2 (approved plans) of planning permission 85/01010/1 granted on 17/10/1985 for Erection of two detached agricultural workers dwellings with garages and formation of new vehicular access. | Land At Hall Farm Homefield Lane Langley Hertfordshire SG4 7PN

ARCHAEOLOGICAL IMPLICATIONS

Thank you for consulting us on the above application.

There are no Historic Environment Record (HER) records within or close to the site and both the Tithe Map of 1844 and OS First Edition suggest the site lay outside of the historic settlement. The HER notes that Langley is one of several nearby nucleated settlements which never grew to include a parish church because they continued to form part of the large secular estate of Hitchin (HER2714).

Therefore, in this instance, we have no comment to make on the proposal.

Please do not hesitate to contact me should you require any further information or clarification.

Yours sincerely,

Andy Instone
