4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 The application site is located on Burnell Rise, Letchworth Garden City and is within the Letchworth Conservation Area.

4.2 **Proposal**

4.2.1 2x Leyland Cypress - Remove.

4.3 **Key Issues**

4.3.1 The key issues in determining this application are: the amenity value of the trees; the impact of the proposed work on the character and appearance of the Conservation Area; any justification for the proposed work and, whether, taking full account of the above, it would be expedient and in the public interest to make a Tree Preservation Order.

4.3.2 The trees are identified on the submitted location plan and are located in the rear garden.

4.3.3 The trees are partially visible from the public realm, so hold some amenity value. The proposed works to fell are justified as the trees have been deemed oversized and in poor condition by a tree surgeon. Therefore, they would not be considered worthy enough specimens to warrant a TPO and would not cause unacceptable harm the character and appearance of the Conservation Area.

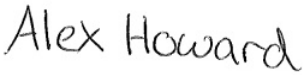

4.3.4 Due to the above reasons, I do not consider there a need to issue a Tree Preservation Order.

4.4 **Conclusion**

4.4.1 The proposed work to the trees would not cause such harm to the character and appearance of the Letchworth Conservation Area as to overcome the justification for the work.

5.0 **Recommendation**

5.1 **NO OBJECTION** to the proposed work.
