Description of development: Erection of mobile structure for housing poultry (moved every 3 months during flock season) on agricultural land

The North Hertfordshire District Council, in pursuance of their powers under the above-mentioned Act and the associated Orders and Regulations, hereby CERTIFY that on the date of receipt of the application the matter described above in respect of the aforementioned land and edged in red on the plan would have been lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 (as amended).

The reason for this determination is as follows :-

The siting of a mobile poultry unit, by reason of the mobility, construction, size, lack of physical attachment to the ground and lack of permanence in the planning context, constitute development for the purposes of Section 55 of the Town and Country Planning Act 1990. The use of the land as for poultry would not constitute development under Section 55 of the Town and Country Planning Act 1990.
