Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

- ☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply
- *A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
- ## Site Visit
- Can the site be seen from a public road, public footpath, bridleway or other public land?
- ☒ Yes

☐ No
- If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?
- ☐ The agent

☒ The applicant

☐ Other person
- ## Pre-application Advice
- Has assistance or prior advice been sought from the local authority about this application?
- ☒ Yes

☐ No
- If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):
- Officer name:
- Title
- ***** REDACTED *****
- First Name
- ***** REDACTED *****
- Surname
- ***** REDACTED *****
- Reference
- 25/00323/PREH
- Date (must be pre-application submission)

- Planning Portal Reference: PP-13949761

In the Case Officers opinion, the retention of the solar panels to the front elevation and to the porch canopy of the dwelling would result in harm to the character and appearance of the dwelling in terms of design and to the streetscene by way of visual dominance as well as harm to the character and appearance of the wider estate. With this in mind, if a formal submission was to be received, it is likely that an objection would be raised which in turn would, in their view, lead to a recommendation for refusal as being contrary to the requirements of both national and local planning policies.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
