2.0 **Relevant Site History**

2.1 98/01261/1HH - Single storey rear extension. Conditional Permission.

3.0 **Representations**

3.1 **Neighbour Consultation** – None received.

3.2 **LGCHF** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 The application site is located on the southwestern side of Gaunts Way and comprises of a two-storey, mid-terrace residential dwelling with front and rear gardens though part to the front has been laid to hardstanding for the parking of vehicles.

4.1.2 The application site is within the settlement boundary for Letchworth where development is generally acceptable subject to policy requirements.

4.2 **Proposal**

4.2.1 Single storey front extension following demolition of existing porch canopy.

4.3 **Key Issues**

4.3.1 The key issues for consideration are as follows:

- The acceptability of the design of the proposed development and its resultant impact on the character and appearance of the area.
- The impact that the proposed development would have on the living conditions of neighbouring properties.
- The impact that the proposed development would have on car parking provision in the area.
- The impact that the proposed development would have on the environment.

Design and Appearance:

4.3.2 The objectives of the National Planning Policy Framework (NPPF) include those seeking to secure the creation of high quality, beautiful and sustainable buildings and places (Section 12 – Achieving well-designed and beautiful places). Paragraph 131 of the NPPF states that “*Good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable communities*”. In this regard, Policy D1 and D2 of the North Hertfordshire Local Plan are consistent with the objectives set out within the NPPF.

4.3.3 The application seeks to demolish an existing canopy positioned above the front entrance doorway and construct a single storey extension and canopy. The proposed extension would extend beyond the front elevation of the dwelling by 2.5m extending in length by 4.6m with a canopy extending for the remainder of the length of the dwelling. The design shows part of the extension would be set back from the initial projection and it is this distance where the canopy would extend from. The roof form is part pitched and part monopitched with a total height of 3.5m. No openings are proposed to either side elevation. Materials seek to match those of the existing dwelling. In terms of the impact on the streetscene, there are a number of front porches to properties in Gaunts Way and although this scheme offers a larger footprint, the scale remains in proportion to the existing dwelling and is acceptable.

Impact on Neighbouring Properties:

4.3.4 A core planning principle set out in the NPPF is to always seek to secure a good standard of amenity for all existing and future occupants of land and buildings. This principle is reflected in the provisions of Policy D3 of the NHLP.

4.3.5 The development is of a minor scale and would not impact on existing residential amenity to a significant extent.

Highways and Parking:

4.3.6 The proposed development does not include an increase in the number of bedrooms, therefore there would be no car parking issues arising from the proposed development.

Biodiversity Net Gain (BNG)

- 4.3.7 This is a householder application which is exempt from BNG legislation defined under article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Environmental Implications:

- 4.3.8 Section 14 of the NPPF sets out how the planning system should support the transition to a low carbon future. The principles set out in Section 14 are reflected in Policy D1 of the North Herts Local Plan, which sets out that development proposal should take all reasonable opportunities to reduce energy consumption and waste, retain existing vegetation and propose new appropriate planting, and future proof for changes in technology and lifestyle.
- 4.3.9 The proposed development, would have no significant implications for the local environment in terms of carbon emissions and therefore would be generally in compliance with Section 14 of the NPPF and Policy D1.

4.4 **Conclusion**

- 4.4.1 The proposed development is considered acceptable and in accordance with Policies SP1, SP9, D1, D2 and D3 of the NHLP 2011-2031 and Sections 2, 12 and 14 of the NPPF 2023.

4.5 **Alternative Options**

- 4.5.1 N/A

4.6 **Pre-Commencement Conditions**

- 4.6.1 N/A

5.0 **Recommendation**

- 5.1 That planning permission be **GRANTED** subject to the following conditions:

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out wholly in accordance with the details specified in the application and supporting approved documents and plans listed above.

Reason: To ensure the development is carried out in accordance with details which form the basis of this grant of permission.

3. The extension hereby permitted shall be built in external materials to match the existing dwellinghouse unless otherwise agreed in writing by the Local Planning Authority.

Reason: To protect the visual amenities of the locality and to comply with Policies D1 and D2 of the North Hertfordshire Local Plan 2011 to 2031.

Proactive Statement:

4. Planning permission has been granted for this proposal. Discussion with the applicant to seek an acceptable solution was not necessary in this instance. The Council has therefore acted proactively in line with the requirements of the Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015.
