YOUR COMMENTS ON THE CASE

I am writing as a close neighbour to the site. I strongly object to the proposal to turn this natural land into a car park. A car park would increase traffic along this already busy stretch of road (where there have recently been road traffic accidents) it is also very close to primary schools with children passing. Tarmac would increase flash flooding risks. And recently the police have had to move on travelling communities from sites metres away, who displayed anti social behaviour whilst here. There has already been strong local opposition from residents, please listen to this.
