Response to Planning application from Hertfordshire County Council (T and CP GDP Order 2015)

Director of Planning

North Hertfordshire Council
Council Offices
Gernon Road
Letchworth Garden City
Hertfordshire
SG6 3JF

District ref: 24/01498/FP
HCC ref: NH/22644/2024
HCC received: 17 October 2024
Area manager: Manjinder Sehmi
Case officer: Paul Marshall

Location

Lodge Cottage, Ashwell Road, Newnham, Baldock, SG7 5JX

Application type

Full Application

Proposal

Full Planning Permission : Erection of one detached 2-bed dwelling and detached double garage

Recommendation

Notice is given under article 22 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 that Hertfordshire County Council as Highway Authority does not wish to restrict the grant of permission subject to the following conditions:

CONDITIONS

No development shall commence until a Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority, including elements of the CLOCS standards as set out in the Highway Authority's Construction Management template. Thereafter the construction of the development shall only be carried out in accordance with the approved Plan: The Construction Management Statement shall include details of:

Access arrangements to the site.

Traffic management requirements.

Construction and storage compounds (including areas designated for car parking, loading / unloading and turning areas).

Siting and details of wheel washing facilities.

Cleaning of site entrances, site tracks and the adjacent public highway.

Timing of construction activities (including delivery times and removal of waste) and to avoid school pick up/drop off times.

Provision of sufficient on-site parking prior to commencement of construction activities.

Post construction restoration/reinstatement of the working areas and temporary access to the public highway.

Where works cannot be contained wholly within the site a plan should be submitted showing the site layout on the highway including extent of hoarding which must be kept within the site boundary, pedestrian routes and remaining road width for vehicle movements.

Reason: In order to protect highway safety and the amenity of other users of the public highway and rights of way in accordance with Policies 5, 12, 17 and 22 of Hertfordshire's Local Transport Plan (adopted 2018).

INFORMATIVES

HCC as Highway Authority recommends inclusion of the following Advisory Note (AN) to ensure that any works within the highway are carried out in accordance with the provisions of the Highway Act 1980.

AN1) Storage of materials: The applicant is advised that the storage of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence. Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

AN2) Obstruction of highway: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/business-licences/business-licences.aspx> or by telephoning 0300 1234047.

COMMENTS

The proposals are for Full Planning Permission: Erection of one detached 2-bed dwelling and detached double garage. Ashwell Road is maintainable by the highway authority and is unclassified and provides a local access function in the road hierarchy. The vehicle speeds past this site are limited to 30 mph. There have been no recorded accidents near the site in a rolling 5-year period.

Policy Review:

The key documents used to assess the application are:

- Manual for Streets 2007
- National Planning Policy Framework (July 2021)
- Hertfordshire County Council's (HCC) Local Transport Plan-4 [2018-2031, May2018]
- Cycle Infrastructure Design DfT Local Transport Note 1/20 (July 2020)
- HCC's Place & Movement Planning Design Guidance (adopted in March 2024)

PLANNING HISTORY

The application site has no previous planning history.

DRAWINGS

The Highway Authority note the submission of materials in support of the planning application, including drawing numbers:

AB01 Site Location Plan
AN02 Existing and Proposed Block Plans
AB03 Proposed Site Plan
AB04 Proposed Plans
AB05 Proposed Elevations
AB06 Proposed Detached Garage - Plan and Elevations
Design and Access Statement and Heritage Statement (D&ASHS)

SUSTAINABLE ACCESS

Caldecote Road to Ashwell Footpath 027 runs along Ashwell Road past the site. This provides links including Caldecote & Newnham 005, 008 footpath, Ashwell 003 Restricted Byway, and Ashwell 027 footpath among others.

PARKING

Cycle

'Cycle Infrastructure Design' DfT Local Transport Note 1/20 (July 2020) recommends for cycle parking storage should be 2m (1.8m is acceptable) in length by 0.3m space between cycles. There should be parking for 1 cycle per dwelling. Outside cycle parking should be covered and lockable. The provision of well-located, safe and secure cycle parking for residents and visitors is a key factor in encouraging people to cycle as an alternative to using the private car. D&ASHS section 4.17 discusses parking for cycles within the proposed garage.

PARKING

Vehicle

Drawing (Ref AB03) illustrates a garage of approx. 5.8 x 6.0 meters. Manual for Streets 8.3 Section 8.3.41 recommends a minimum size of 6 x 3 meters therefore a double garage should be 6.0 x 6.0 meters. This would allow accessibility for a cycle storage. However, as the LPA is the parking authority it is for them to measure against its own standards. The northern end of the garage has further space to park a vehicle.

ACCESS

The site has an established access driveway which provides access for Lodge Cottage and Spring Cottage. This is adequate for the proposed dwelling.

VISIBILITY

The access has good vehicle-to-vehicle inter-visibility and pedestrian visibility and accords with the principles found in Hertfordshire's Place & Movement Planning Design Guide Part 4 Chapter 6 section 18.1, page 70.

EMERGENCY ACCESS

The nature of the site puts the proposals / access within 45 meters from the public highway (As required in accordance with MfS 6.7.2)

REFUSE / RECYCLING

The proposals for recycling bin storage must be in line with Manual for Streets MfS 6.8.9 residents should not be required to carry waste more than 30m and be within 25m of the kerbside/bin collection point.

CONSTRUCTION METHOD STATEMENT

It is important that a CMS is provided considering the nature of Ashwell Road providing for Footpath 027. Please see Condition 1 above.

The statement must have or be shown as a drawing of the construction site and the dedicated areas within. These should include but not limited to, construction parking area, wheel washing, and storage area.

CONCLUSION

Should the LPA be minded to approve the application please note the above conditions and informatives. This level of development is unlikely to generate any extra movements which would ultimately lead to demonstrable harm to the highway network in terms of free flow and capacity, therefore; the highway authority would not wish to restrict the grant of planning permission.

Signed

Paul Marshall
