

Photograph 1: View looking southeast showing existing grass field and established hedgerow.

Photograph 2: View looking south showing established hedgerow which shields view of site from the road.

Picture 3: View looking west, showing setting for the proposed building. Including the existing grass bund and existing agricultural barn.

Picture 4: View of site from road, showing existing barn will shield the view of the proposed building from the road side.

Picture 5: View of site looking east from the roadside. Grass bund shielding most of the view of the site.

Picture 6: View of site looking north, showing established hedgerows.
