

DOMESTIC WASTE AND RECYCLING STATEMENT

PROPOSED DETACHED DWELLING TO THE REAR OF SUNVALE, BEDFORD ROAD, HOLWELL, HITCHIN, HERTS. SG5 3RX.

Due to site restrictions and travel distances my client has agreed to enter a formal agreement to pay for a private household waste collection from the proposed detached dwelling associated with this application for both the general and recycling domestic waste. The bin sizes will be 1 x 240 litres of capacity per bin for recycling and garden waste, and 1 x 180 litres of capacity for general rubbish and will be located on a 4.0m x 1.5m wide concrete base.

The waste and recycling collections will be completed on an alternate weekly basis, or as agreed by the waste collection company.

The bins will be located on the driveway as indicated upon the attached drawing on collection days only as shown upon Drawing Number 3350 – 08 Revision A

The access road will be constructed to take the loading for all types of waste collection, emergency and delivery vehicles.

My client understands that the legal agreement will indemnifies the Council / appointed waste collection company against structural or other damage from carrying out the service of waste collection on this site.
