Conditional Permission

3.0 **Representations**

- 3.1 None.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

- 4.1.1 The application site is situated on the southeastern side of Therfield, measuring 1.13 hectares. Planning permission has recently been granted for 10 dwellings on this site under the aforementioned planning application reference.

4.2 **Proposal**

- 4.2.1 The following amendments to the original planning permission are proposed:

“Amendments to Plot 7 (as non-material amendment to planning permission 23/01885/FP granted on 13.12.2023).”

4.3 **Key Issues**

- 4.3.1 The key issue for consideration is whether the proposed amendments would constitute a material alteration to the previously granted scheme.
- 4.3.2 The parent permission under ref: 23/01885/FP approved 10 dwellings on this allocated site TH1, which comprised a farmstead layout and appearance. The proposed

amendments under this NMA seek to vary the appearance of Plot 7 and these proposed amendments can be summarised as follows:

Remove 4No windows on the gable end side elevation which faces Plot 6.

Replace the timber boarding from both gable ends (side elevations) with facing brick.

Insert an additional small, square window at first floor level to Bedroom 3 on the gable end (side elevation).

Relocate 1No previously approved rooflight at first floor level on the front elevation which serves the en-suite, whilst installing an additional rooflight on the same elevation to serve Bedroom 2.

Approved rooflight on the front elevation at first floor level serving Bedroom 3 is proposed to be increased in size and relocated.

Relocation and re-sizing of the 3No rooflights at first floor on the side elevation to Bathroom, Bed 1 & en-suite to Bed 1.

Omission of a rear facing dormer on the side elevation of the approved drawings.

- 4.3.3 Overall, these proposed changes amount to modest amendments individually and cumulatively, in the context of Plot 7 but also in the context of the whole approved scheme for 10 dwellings. The changes are such that they will not be wholly noticeable, and the rationale given for each proposed amendment is justified. As such, it is considered that the proposed amendments would constitute non-material amendments to the parent permission.

4.4 **Conclusion**

- 4.4.1 The proposed changes to the scheme are not considered to be a 'material' alteration to the previously granted planning permission. It is therefore considered that the non-material amendment is **AGREED**.

5.0 **Recommendation**

- 5.1 That the non-material amendment is **AGREED**.
