Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The proposal involves the installation of 2no. padel courts on part of the existing recreational ground at Little Wymondley. The site currently accommodates a range of sports facilities including two tennis courts, a basketball court, a sports pavilion, a tennis hut, and multiple football and lacrosse pitches. The introduction of padel courts represents a natural and complementary extension of the existing sporting provision.

Padel is a rapidly growing sport in the UK and internationally, valued for its accessibility, low barrier to entry and significant social, physical and community benefits. Its compact court size, inclusive playing style and suitability for a wide range of ages support local participation in sport and healthy recreation.

The proposal therefore enhances the recreational offer of the village and supports wider community wellbeing objectives.

☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☒ Yes
- ☐ No

Please provide the pre-development biodiversity value of onsite habitats on the date of calculation

0.2

Please provide the date the onsite pre-development biodiversity value was calculated

01/07/2025

Note: This should be either the date of the application, or an earlier proposed date

If an earlier date, to the date of the planning application, has been used, please provide details why this date has been used

The biodiversity value was calculated using the site habitat survey undertaken on 01/07/2025, which accurately represents baseline site conditions prior to submission of the planning application.

When was the version of the biodiversity metric used published?

01/07/2023

Please provide the reference or supporting document/plan names for the:

- i. Biodiversity metric calculation
- ii. Onsite irreplaceable habitats (if applicable)
- iii. Onsite habitats existing on the date of the application for planning permission (if applicable)

Document/Plan: Onsite irreplaceable habitats Document name/reference: Not applicable – the site comprises modified grassland only and contains no irreplaceable habitats.
Document/Plan: Onsite habitats existing on the date of the application for planning permission Document name/reference: Baseline Habitat Survey Report and Habitat Maps – Biodiversity Gain Plan (Modified Grassland).

Note: You must supply a complete biodiversity metric calculation with your application. Plans must be drawn to an identified scale, and show the direction of North.

Has there been any loss (or degradation) of any onsite habitat(s), resulting from activities carried out before the date the onsite pre-development biodiversity value was calculated. Either:

- on or after 30 January 2020 which were not in accordance with a planning permission; or
- on or after 25 August 2023 which were in accordance with a planning permission?

- ☐ Yes
- ☒ No

Does the development site have irreplaceable habitats (corresponding to the descriptions in [Column 1 of the Schedule in the Biodiversity Gain Requirements \(Irreplaceable Habitat\) Regulations \(2023\)](#)) which are:

- i. on land to which the application relates; and
