Is the proposed operation or use

- ☐ Permanent
☒ Temporary

If Temporary please give details

Temporary mobile structure for housing poultry sited on agricultural land with no physical attachment to the ground. Structure on skids and moved by winch on tractor.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

Despite the size and permanency in appearance of the structure, it is mobile in design and will be moved to a different part of the red line area identified every 3 months during the flock season and possibly more frequently subject to conditions and grazing regime.

- ☐ Yes
☒ No
