The summary of the report stated as below:

'Paragraph 203 of the Framework states the desirability of new development making a positive contribution to local character and distinctiveness. Great weight has been placed on the conservation of both assets (para 205) and I have considered whether the approach taken is a clear and convincing justification (para 206). There is hopefully sufficient content in the above advice to inform next steps by way of making formal applications and I await feedback in due course. However, I appreciate that my feedback on the walled garden buildings may be problematic, and I am not entirely convinced by the garage proposal either.'

In response of the above advice, we have omitted the garage proposal. We have drawn up the driveway gate elevation and position on the plan. We have drawn up plans and elevations for the extension. We have also drawn up the plans and elevations for kitchen garden outbuildings. Please see the drawings along with this application for your consideration.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
