Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Is your proposal for a change of use from an agricultural building (and any land within its curtilage) to one of the following uses:

- General Industrial (Use Class B2) for the processing of raw goods, excluding livestock, which are produced on the site and are to be sold on the site (which can also be together with goods ancillary to the processing of those raw goods).
- Storage and Distribution (Use Class B8)
- Hotels (Use Class C1)
- Shops; Financial/Professional services; Restaurants and Cafes; Offices; Business; Indoor Sport; Recreation, or Fitness (Use Class E)
- Outdoor sport or recreation, not involving motorised vehicles or firearms (Use Class F2 (c))
- Use for the purposes of agricultural training

☒ Yes

☐ No

Was the use of the site on 3 July 2012 (or the last use before that date) solely for an agricultural use as part of an established agricultural unit?

☒ Yes

☐ No

Will the total combined floor space in the building(s) (previously and in this proposal) changed in use under this permitted development right exceed 150 square metres?

☒ Yes

☐ No

Will the total combined floor space in the building(s) (previously and in this proposal) changed in use under this permitted development right exceed 1000 square metres?

☐ Yes

☒ No

Is any part of the land, site or building:

- in a safety hazard area;
- in a military explosives storage area;
- a scheduled monument (or the site contains one)
- a listed building (or within the curtilage of a listed building)

☐ Yes

☒ No

Description of Proposed Works, Impacts and Risks

Please describe the proposed development:

Change of use from Agricultural to flexible use (B8)

Please provide details of any transport and highways impacts and how these will be mitigated:

The units have been in use for general agricultural purposes and agricultural storage. In order to facilitate their use in the past various sizes of vehicle have required access. There is adequate access, parking and turning on the site for large vehicles as well as turning. The units remain part of a quiet agricultural yard. The size of the units will generally restrict their usage to small commercial vehicles, generally smaller than have used the buildings in the past. No adverse transport or highways impacts are anticipated. The estate intends, and will market, the units as low intensity activity spaces.

Please provide details of any noise impacts and how these will be mitigated:

The intended use for the units is low intensity storage spaces and no adverse noise impact resulting from the change of use is anticipated. There nearest residents are 30m from the units. There are other activities nearer to the residential properties which will provide a greater noise impact, for example a café and bicycle repair shop. The closest residential properties are let properties owned by the farming estate with a clear complaints' policy/procedure relating to noise impacts.

Please provide details of any contamination risks and how these will be mitigated:

The site does not fall within any historic landfill zones. The buildings have been kept clean and have concrete slab floors. There will not be any building works involved in the change of use. There has been no past evidence of contamination and it is unlikely that the proposed storage users will be at any risk of contamination.

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online.](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

The farmyard is in Zone 1. There is no evidence of flooding from rivers, seas or surface water. See Environment Agency Flood Map for Planning issued with the planning documents. There is no increase in hardstanding as part of the proposal.

Declaration

I/We hereby apply for Prior Approval: Change of use - agriculture to flexible commercial use as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.
I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
I/We also accept that, in accordance with the Planning Portal's terms and conditions:
- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Dorli Newbery
