Description of Proposed Works

Please describe the proposed works

We would like to turn the front garden into a driveway. We require planning permission for a dropped kerb onto a classified road. The driveway will be shingle, with cobble stones surrounding all perimeters to ensure shingle does not move from the driveway. We will ensure drainage is inputted as well. The dimensions of the front garden are 16ft by 27.5ft. We will remove the grass and the front privet hedge to create the driveway. Many other houses along the road (including the same terrace) have driveways and dropped kerbs. We have a newborn baby, and require a safe place to put them in and out of the car. There is a new development currently being built on the road, and this is reducing the amount of on street parking available.
