

Window / Door Schedule

Reference	Frame Material	Comments
W1	Timber	Single glazed timber window removed & replaced with flush casement window manufactured in timber and externally white painted with 4/8/4 krypton filled slimline units with Pilkington Minster textured glazing with 24mm through bars and ovolo moulding. Overall profile slightly improved to compliment dormer windows at the front of the building.
W2 – 4	Timber	Single glazed timber window removed & replaced with flush casement window manufactured in timber and externally white painted with 4/8/4 krypton filled slimline units with clear glazing with 24mm through bars and ovolo moulding. Overall profile slightly improved to compliment dormer windows at the front of the building.
D1	Timber	Single glazed timber doors removed & replaced with doors manufactured in timber and externally white painted with 4/8/4 krypton filled slimline units with clear glazing with 24mm through bars and ovolo moulding. Each door with lower solid raised and fielded panel. Overall profile slightly improved to firstly compliment other windows above and secondly to create a more aesthetically appealing aspect ratio.
