Details of the pre-application advice received

In the past, I have sought guidance from Mark Simmons on this matter from a Conservation perspective. He has provided me with the following advice:

The question of replacement windows in a LB is constantly raised. Historic England produced a 5-point guidance note on this. In my opinion, the first question is whether the existing windows possess special interest in their own right. If they do and are capable of repair this should be the first step. If not capable of repair, then their removal in the first instance requires LBC. An assessment needs to be made but I would say like for like replacement may well require LBC. Like for like also does not mean introducing double glazing particularly if the existing are single glazed.

Therefore, as you have already established that the windows cannot be repaired and new windows are required, then I would advise that an LBC application be submitted for this proposal. I am of the view that if this proposal is only for replacement windows, then planning permission is not required.

Please note this is an informal Officer opinion.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
