

Quotation

Dated: 9th October 2024

Customer Address:
Rob and Karen Bugler
24 High Street
Baldock
Hertfordshire
SG7 6AX

For: Lime Tree Works with Green Waste
Processing

Item	Description of Work
1	The lovely 36-feet-tall (approx.) Lime (<i>Tilia Tormentosa</i>) tree to undergo a crown reduction and thinning by 30% (11-feet) to 25-feet-tall to reduce it's dominance in this area. Through pruning, dead wooding, thinning and overall reduction the crown will be opened up to leave the tree healthy and balanced with a long-lasting shape fit for the habitat. The work will also create more light into the garden as well as the neighbours.
2	The 15-feet-tall Willow-leaved cotoneaster (<i>Cotoneaster salicifolius</i>) to be cut back away from the shed.
