3.1 **Natural, Historic And Built Environment** – None received.

4.0 **Planning Considerations**

4.1 **Site and Surroundings**

4.1.1 The application site is located on the 24 Church Lane, Letchworth Garden City and is within the Norton Conservation Area.

4.2 **Proposal**

4.2.1 T1: Sycamore - Reduce to previous points. T2 : Ginkgo - Reduce crown to create uniform shape.

4.3 **Key Issues**

4.3.1 The key issues in determining this application are: the amenity value of the trees; the impact of the proposed work on the character and appearance of the Conservation Area; any justification for the proposed work and, whether, taking full account of the above, it would be expedient and in the public interest to make a Tree Preservation Order.

4.3.2 The trees are identified on the submitted location plan and are located in the rear garden.

4.3.3 The trees are not visible from the streetscene, so hold little amenity value. The works to T1 and T2 are remedial and are not considered to cause unacceptable harm to the character and appearance of the Conservation Area.

4.3.4 Due to the above reasons, I do not consider there a need to issue a Tree Preservation Order.

4.4 **Conclusion**

4.4.1 The proposed work to the trees would not cause such harm to the character and appearance of the Norton Conservation Area as to overcome the justification for the work.

5.0 **Recommendation**

5.1 **NO OBJECTION** to the proposed work.
