To Whom it may concern.

I am the manager of Toad Hall Nursery in Hitchin and have shared the local area with The Hub for the last few months. I can confirm we have had no issues with noise, traffic, deliveries or customer behaviour since The Hub took over residency. In fact Fenton and his team have come to our rescue on more than 1 occasion and find them all incredibly helpful and friendly. I know a few of our parents use the gym and find it very handy to have one so close, especially at the times they are open.

Please feel free to reach out if you need any further information.

Kind Regards,

Collette Jordan

Nursery Manager
