Description of development: Rear dormer window, three front rooflight windows and hip to gable roof extension to facilitate conversion of loft into habitable space.

The North Hertfordshire District Council, in pursuance of their powers under the above-mentioned Act and the associated Orders and Regulations, hereby CERTIFY that on the date of receipt of the application the matter described above in respect of the afore-mentioned land and edged in red on the plan attached hereto, would have been lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 (as amended).

The reason for this determination is as follows :-

The proposed use of the loft space or existing garage as habitable accommodation does not constitute development as defined under Section 55 of the Town and Country Planning Act 1990. The proposed hip to gable roof extension, rear dormer window, and insertion of three rooflights to front roof slope do involve development and, by virtue of Section 57 of the said Act, require planning permission. However, the proposed alterations would benefit from the general planning permission

granted under Article 3 of the Town and Country Planning (General Permitted Development) Order 2015 since they meet the relevant provisions, limitations and conditions of Part 1, Class B and Class C of that Order.
