Dear Mr Glover
12 Deards Wood : Planning Application 18/00791/FPH

We object to the large picture window in the front for Bedroom No 6. This window would overlook our swimming pool and the swimming pool suround used by my severely disabled wife for remedial exercises. We are in touch with the Gullicks on this problem and they have asked their architects to propose some solutions. Apart from this window we have no problems with their proposals A similar issue arose when 12 DeardsWood wanted to raise the roof of their bungalow and their proposed overlooking window was changed.

Yours sincerely
