Hi Nikki,

We also confirm that we are happy to proceed with the amended description set out in your letter:

Single storey front infill extension, front porch extension and insertion of ground floor side window. Alterations to existing detached double garage to include insertion of rooflight and alterations to fenestration following removal of existing garage door to facilitate conversion of garage into habitable accommodation.

We hope the attached amendments provide everything needed to validate the application, but please let us know if there is anything else you require.

Kind Regards,
