- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
- ☐ Yes, on land adjacent to or near the proposed development
- ☒ No

### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☒ Yes
- ☐ No

Please provide the pre-development biodiversity value of onsite habitats on the date of calculation

0.2

Please provide the date the onsite pre-development biodiversity value was calculated

30/05/2025

Note: This should be either the date of the application, or an earlier proposed date

If an earlier date, to the date of the planning application, has been used, please provide details why this date has been used

see attached documentation that was conducted for this application

When was the version of the biodiversity metric used published?

12/02/2024

Please provide the reference or supporting document/plan names for the:

- i. Biodiversity metric calculation
- ii. Onsite irreplaceable habitats (if applicable)
- iii. Onsite habitats existing on the date of the application for planning permission (if applicable)

In conclusion, the principle of development of this site is supported. As discussed above minor amendments to the design, namely the height, roof form, fenestration and removal of Juliette balconies should be considered.

Any subsequent planning application should be supported by a robust and comprehensive Design and Access Statement, Planning Statement, Landscaping Plan/Details, Bio-diversity Net Gain Statement, and an Energy Statement.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
