

A 3D architectural rendering of a two-story residential building. The structure features a combination of red brick and white horizontal siding. The roof is dark brown with white gutters. The front facade includes a central entrance with a small white portico supported by columns. There are several windows: a large multi-paned window on the left side of the upper floor, a smaller window to its right, and a tall narrow window on the far right. The ground is a flat, dark brown surface.

1	03.10.25	Garage extension removed. Obscure glazing noted for new en suite and dressing area.
